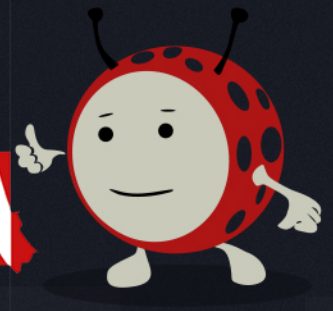
# brendA



[ a **web development** company_ ]

[ Offline Company **Presentation 2017**_ ]

# Who are we?

We are engaged in sites development
and their promotion in popular search engines.
Brend-A is not afraid to tackle complex projects.
Our main goal implies not only creating a website
but also convincingly demonstrating that your product
or your service stands out in the competition.

**more than 10 yrs. of experience**

**over 500 completed projects for local & worldwide partners**

# What can we do?

# we create

- online stores
- corporate sites
- promotional pages
- portals & social networks
- web systems
- mobile applications

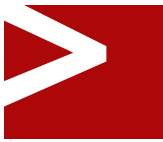
# our Working process_



# at the beginning ~~there was nothing :)~~

## we start
# discovery

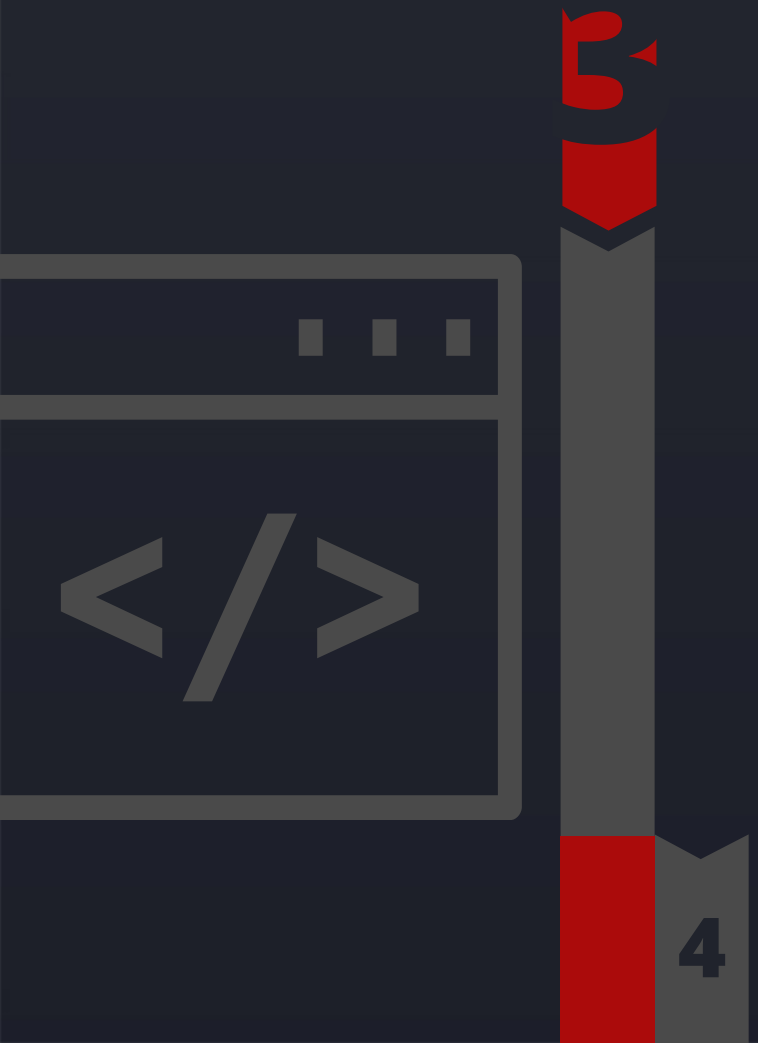
## inc.
## analysis
## market research
## setting goals and objectives

# the second step is

# design

creating wireframes
drawing mockup(s)
defining color palette
and styling future site

## the third step is



# front end development

pds 2 html
responsive architecture
cross browser / platform
angular js / jquery
mobile / phone gap apps

# the fourth step is

# 4 development

custom php development
framework development
crm development
javascript development
database development
alpha release

# our technology playground

**programming languages:**
php5. php7. node JS. javascript

**markup languages:**
